M. S. A. D. #44 Directors' Meeting

The board of directors of M. S. A. D. #44 met on Monday evening of this week in the library at Telstar Regional High School.

Leroy O. Nisbett, Director, School Facilities, of the Maine Department of Educational and Cultural Services, was present, and reviewed for the board the findings of the Department with regard to the building project application as submitted by the M. S. A. D. #44 board. Mr. Nisbett stated that the Department felt that the replacement of the Woodstock Elementary School and the proposed addition to the Crescent Park School to alleviate some overcrowding and to allow the closing of the Bethel Bishbee School, were valid construction projects that might be approved by the State Board within the next fiscal year. However it was felt that the project concerning Andover Elementary School fell into the category of renovations and did not constitute "construction" as defined by statute.

The board approved Donald R. Isham of Albany as teacher of the Emotionally Handicapped for the 1981-82 school year. He has had several years experience as a special education teacher in New Jersey schools. Mr. Isham holds a B. A. degree from Bethel College, St. Paul, Minn., and an M. A. from Trenton (N. J.) State College.

Dufresne-Henry Inc. of Portland was authorized to conduct a feasibility study of the four elementary school buildings of the district. The study will include objectives of improved learning environment and heating system efficiencies and adequacies, including conversion to wood-firing and conversion to coal-firing. The cost of the study will be \$8,530.

The board approved the following appointments: Floris Robin, Assistant to the Elementary Supervisor, Crescent Park School; Gemma Morrill/Dreher, Drama Coach, Telstar Regional High School; Charles P. Taylor, Junior Varsity Football Coach, Telstar Regional High School.

A Title I budget for 1981-82 in the amount of \$55,614 was approved.

The following budget amounts for each series in the FY82 gross budget of \$2,689,437 were approved: (100) Administration, \$78,862; (200) Instructional, \$1,448,450; (300) Attendance Services, \$400; (400) Health Services, \$19,600; (500) Transportation, \$332,182; (600) Operation of Plant and Equipment, \$378,565; Maintenance of Plant and Equipment, \$63,750; (800) Fixed Charges, \$121,420; (900) Food Services, \$9,200; (1000) Student Activities Account, \$52,200; (1200) Capital Outlay, \$8,000; (1300) Debt Service, \$81,500; (1400) Tuition, \$95,308.

The directors accepted the bid of Ripley and Fletcher Co., Bethel to supply #2 fuel oil to the district for the 1981-82 school year at a cost of the spot tank price plus 1.9 cents per gallon transportation plus a price differential of 4.8 cents per gallon.

The bid of Webber Petroleum Co., Portland, was accepted to supply #6 fuel oil to the Telstar facility for the 1981-82 school year. The cost is to be the posted Portland Texaco reseller price plus a price differential of 2.37 cents per gallon with a minimum of 6,500 gallons per delivery.

MEMBER-GUEST TOURNAMENT HELD AT BETHEL INN

Jim Lunney and Gerry Durgin captured the second annual Member-Guest tournament at the Bethel Inn this past week end. Lunney, playing perhaps the best golf of anyone this summer, fired a 74 on Saturday and followed with a 76 on Sunday to guide his team to a two point victory over the runner-up team of John Morton and guest Fred Boldue of Williamantic, Conn. Finishing third from the large group of 20 teams was Bethel Inn owner Dick Raso and his son, Rich. The scores for the top five teams were: Jim Lunney, Gerry Durgin, +14; John Morton, Fred Boldue, +12; Dick Raso, Rich Raso, +2; Irv Farrar, Don Bennett, 0; Al Connors, Dave Whitman, -1.

In the Women's Division it was a bit of a runaway as Chris Otten and her guest, Winnie Wilcox, bested the field of 10 teams with a stroke victory. Finishing second was Jennifer Orino and her mother, Pat Pitcher. At third place there was a tie, the team of Sue Crane and Lucile Abbott and Carol Morin and her partner Beth Mayo, were all tied at +2.

In the tennis end of the Member-Guest tournament, the team of Jim Deibel and Karen Anderson went undefeated to take the first place honors. Finishing second in the Round Robin Tournament was the team of Paul Kailey and Connie Thurston.

Ness Resigns as Town Manager

At a special meeting last Friday afternoon, the Bethel Board of Selectmen accepted the resignation of Norman R. Ness, Jr., as Town Manager, effective Sept. 18.

Mr. Ness had served previously as position as Regional Administrator of the District Courts in Eastern Maine. His responsibilities will extend from Newport in the west to Calais in the east, and from Belfast in the south to Madawaska in the north.

Coming to Bethel in January of 1976 from a position as project coordinator at the New England Municipal Center in Durham, N. H., Mr. Ness had served previously as town manager in Freeport and assistant town manager in Brattleboro, Vt. He has a B.A. in public management from the University of Maine, Orono, and a masters degree in public administration from the University of Rhode Island.

Mr. Ness and his wife, Jean, with their three children, Robin, Jon and Gail, resided during the early part of his tenure in Bethel on the Gore Road in Woodstock, later building a home on the Middle Intervale Road.

At the Friday meeting, Mr. Ness expressed his appreciation for the support of the municipal officials during his time in Bethel and that he had enjoyed his association with Bethel and its residents. The Selectmen commended Mr. Ness on his professionalism and accomplishments during his term of office.

— Mrs. Colista Morgan, Corres. —

When I got up this morning and went to the porch to look around, I was aware of a strange silence. No birds were singing. One robin was out for breakfast on the front lawn. This late, a pair has built a nest in our plum tree. I wonder if it is the same pair which has already appeared with two families this season.

Going down the road I saw a mass of Joe-pye weed in bloom. When they grow in such profusion they are eye-catching; "crushed raspberry" tops grow at the summit of stout, tall stems. They are nearly as common as the golden rod here. They give variety to the intense hues which herald the coming of autumn. Clinging to one was a butterfly in shades of dark brown, lighter rust-brown, black, blending into one another just as a tortoise's colors do. It was a Compton tortoise shell. A good name for it. It usually lives in the open woods but was out on a "filing" today.

I stopped beneath an oak tree which had great strength and beauty. Here I looked at the many flowers and weeds and especially noticed the sweetness of the milkweeds. I hoped to find chrysalises of the monarch butterflies but none were there. This oak has been here for many years. It will no doubt outlive me and will be there still, bearing its acorns many years in the future. Some live for two centuries, three generations or more. Its leaves appear later than those of the beech, maple and birch. But after those have turned to their colors of red or gold, and shed, my oak here will start showing a coppery color. A couple of weeks later it will stand out in rich, majestic red-brown. It must know it is to be around many more autumns so doesn't need to dress brightly in flaming colors to prove it.

I turned from the road and went to Turtle Bridge. The bush growth was so thick that the road seemed to have narrowed. I saw no turtles in the water but as I turned to look beyond, there, ambling down the ditch was one and I hurried to greet him. I was bigger and faster than he, so in seconds I was beside him. He took a quick turn to the left into the wild flower cover, when he saw me. As I approached, he froze. I couldn't talk "turtle" to tell him I was absolutely non-hostile. He juttied out his head, looking gawky and awkward. His eyeballs rolled back to

the corner of the sockets. He was apparently in terror, I told him, (maybe she was a girl I didn't know) "I won't hurt you."

He may have been old; could be he was a little old woman turtle. I eased away for he was still frozen hoping I hadn't caused a turtle heart attack.

Looking back after a few steps, he was no longer in sight. I decided he probably was a frisky young fellow and not a little old lady at all.

And I did see the Turtle-head flower on my way back. The flowers of this plant are more odd and striking than pretty. Their appearance is such that their common name seems fairly appropriate. I noticed that the road side daisies were fading and the golden-rods and asters were taking their place.

The meadow was calling so I walked across the field where long grasses tugged at my ankles and whispered, "stay, stay." I was tempted. The sun was warm and heady and the breezes tossed back tantalizing scents of clover. But the hills were beckoning me home. I went, while in the distance I heard the cooing of the doves and airy fingers ruffled my hair.

Dicky and Betty Ann DiArenzo are visiting his parents, Mr. and Mrs. Pat DiArenzo. They are from Springfield, Pa.

Doris Hayes went to Rockland on Sunday to visit Mr. and Mrs. Richard Libby and family and spent the night with her sister, Verna, then returned home on Monday.

Mr. and Mrs. Terry Spire and children were at the Hayes Homestead while Doris was away. Callers there Saturday were Duane Hayes and children, West Paris; Ardell and Betty Hayes, Auburn; Glenn and Rachel Hayes, son, Kerry, Gray; Zilpha and Betty Ann DiArenzo.

Our callers were: Carl and Lettie Brooks, West Paris; Ruth Hastings, South Paris; Lucy Bragg and son, Tommy, West Sumner; Lucy Ridley, Norway; Kathy Curtis, Eva Felton, Frank Curtis, local.

Ruth Hastings and I were at Howard Pond on Wednesday.

The Tamminen families had a reunion at Ardell and Betty Hayes' cottage on Sunday. They also honored Anna Tamminen Jarvenpaa and Aarne Jarvenpaa who were celebrating their 50 year wedding anniversary. Congratulations Aarne and Anna!

Mr. and Mrs. Floyd Verrill of Concord, Mass., were at their cottage for a few days.

Parker Daye of Englishtown, N. J., is visiting the Ed Dayes.

Julie Daye and Sharon have been camping on the coast.

Bobby Bates is home from the St. Mary's Hospital.

Mrs. Hazel Kennison and friends were in Old Orchard for a day.

Carrie and Mary Harrington came up with Penny Fleet to see the baby pigs and calf.

Wayne Roshto caught a 13 inch brook trout.

Mr. and Mrs. Bryce Yates are on a camping trip and Edwick is staying at home.

Sent in by Eva Yates:

A bright clear Tuesday morning, not dark and cloudy as so many August mornings have been. The Go-Shoes have hung on the hook all week—everyone busy. If I was only a telephone maybe I could get news—but I am a little skeptical about that since a while back I received an unsigned letter in the mail just a-telling me she did not want her name in the paper so if I called someone with questions as to what, when and where of their affairs they could tell me to run up a tree. That's why I have no news but I hope Joanne does or Sunday River will be forgotten.

Rodney Howe did some changing water pipes for Joe Yates last week. We hope now it doesn't freeze any more.

Peggy Blake, Russell and the Go-Shoes did attend Grange at Bryant Pond last night. It was

Overseers Night and Russell was acting Master. Had a good time as we always do as Franklin Grange is where we all started in as real Grangers.

Sorry to hear of all the rain damage that has happened the last week or so.

Robert Bates and crew have been cutting Joe Yates' hay. Rob Bean did the mowing—Rob said to the halves leaving the biggest half—rather poor feed for milch cows.

We are sorry to hear Lester Cole is in the hospital with both a broken hip and broken arm. Hope it heals fast and good.

We picked up Esther Pierce and took her to Grange last night.

Monday was a dark damp cold day for August. All the nights are cold but we will pray the frosts hold off for a spell longer.

Keep your old hat handy—go when you can and keep on wondering do we or do we not get snow this year?

Fairs are starting. Schools start soon too—everyone is busy—some kids are anxious for school—some are not and it's the same with mothers.

Ralph and Kay Moulton entertained more than 40 at their cottage on Papoose Pond at a cook-out, Aug. 9. The occasion was the annual picnic of Stone-Start Post #82 of Norway. The men furnished and cooked the hot dogs and hamburgers and the ladies put on a splendid display of salads and desserts. Three sets of horseshoes were kept busy by the menfolk, while some of the ladies played cards while others were content to just sit and visit. The younger generation enjoyed swimming and boating. A grand time was had by all, thanks to Ralph and Kay.

Ezra Young and friend from Billerica, Mass., are spending several weeks at his cottage, here. There seems to be sales and auctions everywhere this week end. A "Big" one was at South Waterford, Saturday, with cars parked in every driveway from Kimball's Store to Inman's Garage and down the back road to the cemetery. The entire contents of the late Albert Hamlin's home were on the auction block under the big tent, and if the crowd was any indication of a big sale, this one was a corker.

Two human resource programs will be coming to an end shortly. The Youth Conservation Corps program will end Aug. 28, while the Young Adult Conservation Corps will discontinue operations Sept. 30. Enrollees in both programs were instrumental in: reopening the plugged trail system this summer; reforestation work; wildlife habitat improvement; timber stand improvement; and keeping the District campgrounds, picnic areas and administrative site well maintained. The Senior Community Service Employment Program

will continue in FY1982. Prospective employers of enrollees in the Young Adult Conservation Corps are invited and encouraged to inquire about the availability of enrollees (16-23 years old) leaving the program.

BETHEL MAN FEATURED IN U. S. MARINE PUBLICATION

A recent article in the "Okinawa Marine" featured a Bethel native stationed at Camp Kiser, Japan. Lance Corporal Pete Mason, 19 year old son of Mrs. Earl Coolidge of East Bethel, is with the U. S. Marines in the 9th Motor Transport Battalion's maintenance section and is responsible for approximately \$25,000 worth of tools used in maintenance of Marine motor vehicles.

L/Cpl. Pete Mason

During an average day at work, he constantly checks needed equipment in and out to mechanics. Although each mechanic is issued a box containing all the basic tools needed to perform his job, Mason maintains a room full of calibrated tools and testing equipment which are stocked in limited quantities and must be used by a number of mechanics. Other duties assigned L/Cpl. Mason include performing regular inventories of all the tools and equipment in his tool room and the ordering of replacements for those broken or missing. Pete is enjoying his work with the U. S. Marines and according to his superiors, is doing a good job.

NEWS FROM ADULT AND COMMUNITY EDUCATION

The S. A. D. #44 Adult and Community Education program offers adults several options to earn a high school diploma; from the GED or High School Equivalency Test, to a number of 45-hour courses offered at Telstar Regional High School in the evenings as well as credit for successfully completing a planned volunteer work experience. Many students over the past few years have received credit for some of the shorter courses, such as Sewing, Astronomy, or Woodlot Management offered as general enrichment courses by the S. A. D. #44 Adult and Community Education program.

Graduates of the Adult and Community Education program are unanimous in their feeling that the most difficult part of the process of earning an adult high school diploma is the decision to make the first call to the Adult and Community Education Office at Telstar.

Once enrolled, they found the classes small and informal, the teachers friendly, and the content of the courses tailored to the interests of adults. The graduation ceremony, held every year in May, is a celebration of the accomplishments of a group of adults, teachers and students, learning together.

Any adult who is interested in receiving more information about the S.A.D. #44 Adult and Community Education high school diploma program should call the Director, Cathy Newell, at the office, 824-2136, or home, 824-2089, as soon as possible to arrange for an appointment. Credit is granted for past high school work, military service and work experience, and at the appointment, Mrs. Newell will assist students in planning their programs. There is no charge for high school credit courses, although students may wish to purchase books in some courses.

The GED Test, a six-hour test, usually offered in two or more sessions, is administered at the Adult and Community Education office throughout the school year by individual appointment. A pre-test is given to each applicant, and brush-up or preparation work may be arranged. There is a charge for the GED test, and successful passage of the test earns the applicant a certificate of high school equivalency issued by the State Dept. of Education. More information about the GED Test may be obtained from Mrs. Newell.

We wish to express our heartfelt thanks to all who remembered us in so many thoughtful ways during our time of sorrow. Our thanks to Dr. LaCombe, Dr. Nangle, the nurses at Stephens Memorial Hospital who gave Seymour such good care, The Bethel Emergency Ambulance Rescue Service, Eldon Greenleaf, and Rev. Millett Cummings. All the various expressions of sympathy shown to us have helped us through a difficult time and we are grateful.

BETHEL LIONS CLUB participates in an international Pilot Project in Communications based in Bethel. Howard Donahue (left), president of the Bethel Lions Club, fans out LCIF grant checks in the approximate amount of \$9,000 to Connie Hindman (center), director of VOICES. Ed Friel (right), past president and liaison for local LCIF project activities, has coordinated VOICES financial needs and LCIF economic resources to serve print handicapped persons on an international level. Allen Watts, Past District Governor 41-L, administers the LCIF grant award.

INTERNATIONAL COMMUNICATIONS FROM BETHEL SITE

"So until next week, Bye, Bye, from VOICES" is Connie Hindman's closing remarks on weekly editions of VOICES, a cassette tape newspaper serving an international print handicapped clientele. VOICES currently produces about 4,000 cassette taped programs per month from VOICES in Bethel. Resolution of the Canadian Postal strike will enable VOICES to reinstate and expand weekly services to print handicapped consumers in Canada.

Lions Clubs in Maine, the Atlantic Provinces of Canada and the French Islands of St. Pierre and Miquelon will be referring print handicapped persons in their local areas to VOICES for free audio services. All other interested print handicapped persons, regardless of residence location, are eligible for free services. Monies made available to VOICES via a Lions Club International Foundation (FCIF) grant are funding expansion services to the international blind community.

VOICES consolidated audio services include a weekly newspaper, a Carousal Music Lending Library and a Computerized Tape Pal Exchange Club. VOICES also administers the Downeast Recording Library for the Blind and Physically Handicapped in Portland as dedicated by Margaret Chase Smith in 1961. Downeast specializes in the recording of textbooks for handicapped students and miscellaneous study aids for the continuing education of disabled adults.

VOICES trademark is "Sound Shapes a Future". Satellite studios are being evaluated for New Zealand, Norway and West Germany.

English and French speaking Volunteer Readers are needed. Equipment and training will be provided. Interested persons are urged to contact VOICES at 824-2920 or write P.O. Box 837, Bethel, Maine 04217.

LETTERS TO THE EDITOR

Aug. 14, 1981

To the Editor:

In the past few weeks, the Tri-Town Ambulance and Emergency Rescue Service has had a study underway about requests for non-emergency ambulance service. Because of a misunderstanding or misinterpretation of our policy (to transfer all calls) by our President/Coordinator, Sally Wilson, a request for such a transfer call was not responded to as it should have been.

We wish to publicly apologize to the people involved, although we realize we cannot rectify the error.

We hope that they will accept this apology as sincere and genuine. If at any time in the future our services are needed, please call on us. The proper number to reach the ambulance service is 1-1-D.#+800-482-7433.

Sincerely,

Board of Directors

To the Editor:

In the article describing the 165th Birthday Activities in Greenwood which appeared in last week's citizen I was given credit for being responsible for the general antique display. To accept credit for the responsibility for this fine display and arrangement of memorabilia would be unfair to those who worked many long hours making arrangements for the items to be shown, picking them up and displaying them.

The event received very fine coverage from your paper for which we are all very grateful. It was unfortunate that some names were mentioned while others were omitted as the article could well have read "the credit for the success of the activities of the day should go to all members of the Greenwood Historical Society, Greenwood Fire Department Auxiliary, The Locke Mills Union Church, and all other persons working for the welfare of and interested in the Town of Greenwood".

School Days—Happy Days!

Your teacher, Mrs. Parker, says

"Hello" and wishes to tell you

how happy she'll be to see you

this fall. Also she is announcing

some special things!

In October several local people

are coming in to visit us—and do

exciting things with us. Each week

in October will bring up a new

person.

One week Cathy Bennett from

Bethel will do a special art lesson

with us. Another week Jim

Chandler from Woodstock will do

"computer fun" and we'll learn

about computers. Rev. Jean Bass,

Bethel, is going to bring in her

loom and show us weaving. That's

not all. Mary Valentine from Bethel

will come in with a book about

no other than your friend "Peter

Rabbit." Also she will tell us about

the author, Beatrix Potter, and

how she turned a lonely life into a

fun one with animal stories.

There will be more, watch your

paper!

On Sunday one of the members of the Back Street Lawn and Garden Club brought me a bag of luscious cucumbers. If they were a sample of the kind of cukes the members grow I'd say they surely have a very green thumb.

Rev. David Wuori had as his sermon topic on Sunday, Aug. 16, "Marks of the Christian Fellowship." Much appreciation is expressed to all who helped with the auction on "Old Home Days." It was a great success. The trustees voted at their meeting to get three bids on a new furnace for the church. Choir rehearsal Thursday at 7:30 p. m.

Things here at K-D's Acres are in high gear! I've decided if I had a full time secretary and maid that maybe I'd be able to catch up! The canning, freezing, pickling and jam making is in full swing. Last week I didn't write any news as I just didn't have the time.

Monday evening Dick and I and Franklin and Margaret Barton called on my folks in Bryant Pond and picked up Dave who had been spending a few days there.

The secretary's and treasurer's reports were read and accepted. Elizabeth Lord announced that a course in Defensive Driving for people 55 years and older is in the planning stage and it is hoped the first class can be held in October. This course is sponsored by the A.A.R.P. and the N.R.T.A. and is designed to help older people cope with driving problems. The instructor will be Guy Willberger. The Moses Mason House is being considered as a possible meeting place for these sessions. A small fee will be charged.

Floribel Haines reported that seven get-well and three sympathy cards had been sent. The secretary read a thank-you note from Dorothy Graves, who is recovering from a broken hip at Ledgeview Memorial Home. The president mentioned that a foliage trip is being planned and a definite announcement in regard to it will be made at the next meeting.

Seated at the birthday table were: Betty Blake, Olive Head and Mary Shaw. The cake was furnished by Carolyn Brooks, Angelo and Dorothy Onofrio, and Randal and Sarah Stevens. It was made by Leona Flint. Rev. Cummings offered grace after which a nice ham dinner was served.

The speaker for the afternoon was Jean Nasatowicz, from the Western Maine Transportation System. She presented some up-to-date information in regard to the W.M.T.S. She referred back to 1970 when these services originated as Social Transportation for the Elderly. In 1976 the state coordinated the system and it became known by its present title with its purpose being to provide the elderly, the handicapped and low-income people with a means of travel. This has been a free service until recently when a loss of government funds has necessitated future changes. Beginning Oct. 1, a fare will be required. However, half-fare will be charged for the handicapped and low-income group and there will be no charge for those needing medical transportation. The bus will be available for chartered trips on evenings and week-ends.
